RF MONOLITHICS, INC. AND NU HORIZONS ELECTRONICS CORP. ANNOUNCE AMERICAS DISTRIBUTION AGREEMENT

RFM Continues Expanding Sales Coverage

DALLAS, TEXAS (December 20, 2005) RF Monolithics, Inc. [NASDAQ:RFMI] (RFM) a leading developer, manufacturer and supplier of radio frequency wireless solutions and Nu Horizons Electronics Corp. (NASDAQ:NUHC), a leading global distributor of advanced technology active components and system solutions; today announced an agreement covering the territories of the United States, Canada, Mexico and South America, in addition to global fulfillment in the Asia Pacific region for all designs originating within the Americas. This agreement involves the distribution of RFM's complete line of low power components, filters, RFICs, low power transmitters, receivers and transceivers, frequency control products and mesh-enabled low power modules.

RFM's products are used in numerous applications and many different markets including: satellite radio, remote keyless entry and tire pressure monitoring applications in automotive; wireless base stations and optical equipment in telecommunications; automated meter reading and controls in industrial; satellite radio and toys in consumer; monitoring and communication devices in medical; and, a wide variety of other applications.

"RFM looks forward to working with Nu Horizons to leverage their global sales and logistical network to broaden our product reach across even more diverse applications and markets," said David B. Crawford, Vice President, Sales at RF Monolithics, Inc. "Nu Horizons' technical expertise and engineering capabilities will provide our customers with world-class services and support."

"RFM is a high quality, service-driven leader within the low-power wireless industry. We are pleased to add their numerous products to our line card," comments Dave Bowers, president of Nu Horizons Distribution Division. "As both our teams are firmly committed to servicing the needs of our respective customers, we look forward to collaborating with RFM to provide unparalleled products, services and solutions expertise to satisfy customers' time-to-market requirements."
